Commissioner for Patents

The Amendment filed September 6, 2005 is non-responsive to the prior Office Action. The original claims were drawn to methods of use comprising administering a cannabinoid receptor agonist and a COX-2 inhibitor. Two clearly distinct chemical entities were recited. Presently, the claims have been amended to recite "administering a chemical compound that has properties of cannabinoid receptor agonism and COX-2 inhibition." One compound appears to be contemplated. Further search and consideration are now required.

Since the response to the last Office Action appears to be bona fide, but through an apparent oversight or inadvertence failed to provide a complete response, Applicant is required to complete the response within a TIME LIMIT of ONE MONTH from the date of this letter or within the time remaining in the response period of the last Office Action, whichever is longer. NO EXTENSION OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 CFR 1.136(a) OR (b), but the period for response set in the last Office Action may be extended up to a maximum of SIX MONTHS.

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Phyllis G. Spivack whose telephone number is 571-272-0585. The Examiner can normally be reached from 10:30 to 7 PM.

If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's supervisor, Christopher Low, can be reached 571-272-951. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
